Bingswood Road

Rupert Alcock registered concern about Bingswood Road. He circulated a written document entitled "The Abuse and Neglect of Bingswood Road (upper end)", with particular reference to drainage, ownership and fly-tipping issues. It was noted that ownership of land at the upper end of Bingswood Road requires clarification and the area cleared and better utilised. It was agreed that the council should investigate these issues and respond to Mr Alcock.

Cllr Pritchard reported historical facts and stated that this land is not owned by High Peak Borough Council but Caroline Wheatley (HPBC Estates Officer) will undertake a Land Registry search to confirm any ownership or otherwise.

It was agreed to place this item on the agenda for the September meeting.

OUTLINE

It was noted that this application may provide an opportunity to protect an alternative access over the River Goyt into the Bingswood Industrial Estate. The access road should be of suitable design and specification for this purpose.

Concern was expressed about the area being a possible river flood plain.

P15/28 Adoption of Cotton Close

Cllr Jon Goldfinch reported progress and circulated information.

Derbyshire County Council has now finalised their position and no outstanding work is required. They will now proceed to adoption of Cotton Close.

United Utilities will not adopt the sewer until they have confirmation of the legal easements and United Utilities has carried out a site survey and documented outstanding works and sewer repairs.

It is estimated that £7000 will be required to undertake the necessary work to get the road adopted.

It was agreed to circulate the information provided by Cllr Goldfinch to Cotton Close residents.
