

Furness Vale Walk

Distance: 1.6 miles / 2.7 km (43 minutes)
Going: Firm paths and cross-field paths
Gentle slopes.

Explore Furness Vale and the rolling countryside that gives this place its character.

- 1 From the centre of Furness Vale take Yeadsley Lane SW.
- 2 Fork right into Diglee Road.
- 3 After leaving the interesting variety of houses behind, again take the right fork into Diglee Clough. Cross the culvert and climb a short distance towards Broadhey Farm.
- 4 Immediately before the farm entrance track a left-hand track rises to the left the large barn conversion through a gate and onto the flanks of Broadhey Hill. From the brow of the hill, panoramic views stretch back across Whaley Moor, west across the remains of Kiln Knoll Barrow, north and west to New Mills, Lantern Pike, Kinder Scout and Chinley Churn.
- 5 On the hilltop, at the end of the track, stands a barn. Pass the barn to a gate on the right and stile into the meadow. Follow the wall to your left and descend the field to a depression.
- 6 Over a stile in the lower wall into the lower field to join a path running in from Disley Parish. Follow the field's bottom fence south east to a stile where the walk goes through two gates to reach the A6, north of the centre of Furness Vale.
